MEMBERSHIP INVITATION

Greetings from Tanzania Environmental Experts Association

Tanzania Environmental Experts Association is a national association of the environmental experts registered under the Societies Act, CAP.337 [R.E 2020] of 2017. TEEA is committed to promote, coordinate, and protect the profession of its member. Facilitating the exchange of specialized information and discussing matters of common interest among members, environmental researchers, and environmental management practitioners. The association is being recognized by the Experts Registration Regulation of 2021.

The Major Objective of TEEA are as follows

- To develop, maintain and enforce a Code of Ethics and Standards of Professional Conduct for its members.
- To promote and encourage amongst members of the Association conduct of their professional duties in an independent, professional, objective and impartial manner
- To promote environmental management in the community through coordination, facilitation, awareness raising, enforcement, assessment, monitoring and research.
- To facilitate exchange of specialized information and discussion of matters of common interest among members and environmental researchers, and environmental management practitioners
- To provide a network for experts of environmental assessment for both at national and regional level.
- To work closely and to establish relationships with institutions, local and international organizations having similar objectives to those of the Association in order to promote or advance the protection of the environment
- To impart knowledge and skills to the members on matters regarding registration, practice and conduct of environmental impact assessors and environmental auditors.

Being a TEEA member, you are eligible to be a board member of the Executive Committee (EXCOM) also by participating in capacity building programs, training, meetings and dialogues which will be given out throughout the year, opportunities for joint consultancy services, professional networking opportunities your profession will be promoted as well as protected, provided with technical information, and you will receive updates of changes in the legal framework as TEEA will have a library of all resources that an expert needs to perform their duties.
